We object to the Cease and Desist order put upon our property for the following reasons:

- 1) We purchased our home in 2000 and were never informed or notified by the county or the CA. Regional Water Quality Board about a prohibition of discharges effective November 1, 1988, until now.
- 2) On July 7<sup>th</sup>, 2004 we had a new leached field installed and then inspected and approved by the County. Nothing has changed, if it was approved in 2004 why is it not approved now.
- 3) I want to be in full compliance, we *do want* a sewer. We want to move forward and are willing to work towards putting a sewer in the Los Osos Community.

- 1) Construction Permit # PMT2004-00110, Dated 7/12/04 (Attached)
